Happiness is a thing called Ice

PRODUCED AND DIRECTED BY JAMES GROGAN

The Capital City Figure Skating Club feels especially fortunate to have James Grogan as Producer and Director of the 1966 show. Seldom has Sacramento seen a skater with the world-wide reputation . . . and such an enviable history of Olympic and National performances as the records show for James Grogan. A native of the state of Washington, he was a member of the U.S. Olympic Teams of 1948 and 1952, and he has skated with seven World Championship teams. Winner of thirteen second place awards in international competition, and National Championships from 1948-1954, he enjoyed the coveted honor of being Barbara Ann Scott's partner until her retirement. As a figure skating Gold Medalist, (highest award for proficiency in skating offered by the United

States Figure Skating Association) his seemingly effortless skating style has delighted audiences all over the United States.

Since turning professional, Mr. Grogan appeared for two years with the Hollywood Ice Revue, and eight years with the Ice Capades. He is at present, along with his wife, 1960 Squaw Valley Olympic Gold Medalist Barbara Wagner, skating instructor at the Burlingame Ice Rink. This summer he will direct the Ice Skating Session at Squaw Valley.

Thanks for a job well done, James Grogan . . . both as to your own career, and as Director of our 1966 Capital City Figure Skating Club ice show, "Happiness is a thing called Ice".

The Capital City Figure Skating Club welcomes you to our 1966 presentation, "Happiness is a Thing Called ICE."

The club is a member of the United States Figure Skating Association which is dedicated to the progress of ice skating. The clubs of the USFSA are the stimulus required to produce Olympic and World's champions.

Ice skating is a wonderful and healthful sport. The CCFSC sessions offer fun and relaxation in the form of either "free skating" or ice dancing. Our club activities are designed to encourage skaters of all ages and abilities. Group instruction is provided by the club for our Saturday Juniors. Membership is open to all interested persons.

FINALE

We thank you for supporting our show and invite you to join us on the ice.

PLAUDITS

The Capital City Figure Skating Club is greatly indebted to the members, director, and friends, who through participation in both the show itself, and the multitude of jobs necessary for the show's production, have made a success of "Happiness is a Thing Called ICE." Special thanks are due to Don Anderson, a non-member, who has devoted many hours to engineering and building props for our show.
